GOOD TO KNOW

Motorstep lifts can be purchased VAT free in the UK by registered disabled customers or customers with chronic illnesses.

THE LEADING MOTORISED STEP LIFT FOR CARAVANS, MOTORHOMES, RVS, TRAVEL TRAILERS, STATIC HOMES, AND STATIC CARAVANS

Designed specially for those with disabilities

MOTORSTEP MS600/ MS600 FREEDOM

For caravans and motorhomes

Love your independence! Motorstep lifts you effortlessly into your caravan or motorhome allowing you to do what you love. Easy to set up and pack away, this weatherproof step gives you the freedom to explore.

MOTORSTEP MS800/ MS800 FREEDOM

For RVs

A simple, effective way to gain access to your RV or Travel Trailer in a controlled and safe way. Motorstep can be transported everywhere easily, with its fold up lifting platform/legs and wheels to manoeuvre, it is compact enough to fit in a storage compartment of your RV or Travel Trailer.

MS600H OR MS800H

For static homes and mobile homes

Enjoy safe effortless access into your static or mobile home eliminating bulky steps and ramps and saving on costly alterations and building work.

We used our very easy-to set up Motorstep on our recent holiday. It was an absolute boon and proved itself to be worth every penny. My wife has severe mobility issues and we thought we would have to give up our caravan as she was unable to use the steps. Now there is no problem. Worth every penny. Thank you for the return of our holidays.
